Heathy Lifestyle Day 2018 report

On the 22nd and 23rd of February, the Eco-School Committee of Wesley Methodist School Kuala Lumpur (International) held its annual Healthy Lifestyle Day. This event was held to promote a healthy lifestyle among the students, in conjunction with creating a bigger impact as a committee towards the school in achieving the Green Flag.

The committee members sold various kinds of healthy food in front of the homework area in the canteen during the break and lunch hours. This included sugarless brownies, fruit jellies, matcha green tea, fruit popsicles, and others. Members were given individual duties to take charge of the different food items. They were required to come down to the canteen 10 minutes earlier to start preparing the equipment and food items to be sold. Besides that, the members walked around the canteen to sell the food to students. There were also colourful posters put up to promote the food sold. After the upper-secondary breaks and lunches, some of the committee members stayed for a while to clean the tables and equipment to ensure that the area was kept clean.

The sale went on smoothly for both days, and we received very good responses from the students, especially during the lower-secondary breaks and lunches. Food items such as the popsicles were the most popular, and they sold out quickly. All in all, the Healthy Lifestyle Day for 2018 showed an improvement from the previous year.

<i>Financial Report</i>
