Newsletter

JUNE 2021

Greetings to all.

So quickly we have “arrived” in the month of June 2021! This is our first Newsletter for the year. Coincidentally, the SPM results for the Form 5 2020 cohort have just recently been announced.

2020 has been an unprecedented year due to the Covid-19 pandemic. The whole world has seen new norms of daily life, including in the field of education.

We have had to alternate between physical face-to-face learning and home-based online learning. We thank God that our students have done well for their SPM despite under pandemic conditions. I would like to take this opportunity to congratulate our WMS Klang SPM 2020 top scorers, as well as all students in the 2020 batch, for having completed their secondary school education and SPM, and I wish them every success in their future endeavours. I would also like to say “Thank You” to our teachers, staff and parents for their contribution towards the children’s success.

We, at WMS Klang, hold on to the belief that every child has an opportunity to reach his or her potential, if he or she has the right character and attitude, and has the collaborative effort and support from both school and home. Therefore, let us continue to persevere through these pressing times so that we will see our effort bear fruit.

God bless.

To God be the glory!
